Payment	I wish to pay the annual membership fee by: On-line Card Payment By card over the phone In Cash
Signature	I accept the terms and conditions for membership of the Elite Sailing Club
Date:	

### Terms and Conditions

Club membership fees are payable for a period of 12 months from the date the membership confirmation email is issued. This gives the member access to club sailing events and discounted sailing and courses that are scheduled during that period.

Discounts are those that are listed in the pdf download available on the Elite Sailing Club website page. Discounts may be added to other package discounts if and when available but subject to a normal ceiling of 15% of the standard published prices.

The use of Elite Sailing vessels for club sailing events is subject to 'pay per sail' charges. These are published on the website and are payable by the member proposing and organising the event. The proposer will normally seek contributions from members attending the event.

Club members attending Club sailing events must accept the authority of the skipper (who may be an approved club skipper or an Elite Sailing instructor skipper) on all matters affecting the operation and safety of the vessel and crew.

Applications for membership as a club skipper are subject to satisfactory demonstration of knowledge and competence during a check-out/training day with an Elite Sailing instructor. Club skippers taking charge of yachts during club sailing events accept full responsibility as skipper in the same way as for bareboat charter. (Additional terms and conditions apply to club skippers).

Club members accept that their Facebook name will be available to other members for communication on club matters. Members must respect the privacy of other members and not divulge personal contact details to anyone else without permission.

Standard Elite Sailing Terms and Conditions published on the website also apply to Club Sailing activities.
